

My Flag

When I see my flag, my country's flag,
I am always touched inside.

When I see my flag, my country's flag,
I am always filled with pride.

When I see my flag, my country's flag,
I know that it's my own.

When I see my flag, my country's flag,
I know I'm not alone.

When I see my flag, my country's flag,
I am often moved to tears.

When I see my flag, my country's flag,
I can put aside my fears.

When I see my flag, my country's flag,
I know that it's my own.

When I see my flag, my country's flag,
I know I'm not alone.

I know I'm not alone.
